Professional Summary

A highly motivated and adaptable Cybersecurity Analyst with a strong foundation in finance and business operations. I combine a decade of experience in strategic planning, risk analysis, and procurement with hands-on skills in Governance, Risk, and Compliance (GRC). My expertise includes implementing frameworks like ISO 27001, conducting vulnerability assessments, and leading security awareness programs. I am seeking to leverage my unique blend of business acumen and technical skills to contribute to a security-focused organization in the Danish market.

Core Competencies

- **Cybersecurity & IT:** Security Auditing (ISO 27001, OWASP Top 10, NIST), Vulnerability & Risk Assessment, Security Tools Implementation, Phishing Awareness, Digital Forensics, Offensive Security (Metasploit, exploitation basics), Network Security (TCP/IP), User Access Management.
- **Technical Tools & Platforms:** Splunk, Metasploit, Linux & Windows OS (CLI, Administration), Microsoft Azure, Python & C (scripting), SAP MM.
- **Business & Professional:** Project Management, Financial Analysis, Process Improvement, Data Analysis, Stakeholder Communication, Team Leadership.

Certifications & Professional Development

- SANS SEC275: Foundations
- Microsoft Azure Security Engineer Associate Specialization Certificate (AZ-500)
- Microsoft Cybersecurity Fundamentals (SC-900)
- Information Security Management Ethical Hacking (ISC2)
- Junior Cybersecurity Analyst Certificate (Cisco)

Professional Experience

Fendous Sustainable Solutions | Copenhagen, Denmark *Cybersecurity Analyst (Internship)* | Sep 2024 - Jan 2025

- Led security audits against key standards (ISO 27001, OWASP Top 10, NIST), identifying critical vulnerabilities and informing strategic improvements to the company's cybersecurity program.
- Drove the implementation of security tools and awareness programs, resulting in a **15% reduction in phishing rates** among employees.
- Provided technical insights from risk assessments (D-mærket) to directly support and strengthen sales strategies and client engagement.

ReDI School of Digital Integration | Copenhagen, Denmark *Cybersecurity Facilitator (Volunteer)* | Jan 2023 - Present

- Delivered educational lessons on cybersecurity fundamentals, including risk assessment, using engaging presentations to enhance participant understanding and engagement.
- Instructed adult women on essential computer basics, empowering them with technology skills and increasing their digital literacy and confidence.

The Times of India Group | Ahmedabad, India *Purchase Executive* | 2006 - 2010

- Managed the end-to-end procurement lifecycle, including vendor selection and contract negotiation, a process that developed a strong foundation for third-party risk management.
- Optimized procurement processes using **SAP MM**, ensuring cost efficiency and on-time deliveries.
- Conducted detailed supplier data analysis, evaluating metrics such as cost, delivery time, and quality.

Family Business Management | Ahmedabad, India *Entrepreneurial Experience* | 2003-2011

- Managed financial records and prepared statements, developing a strong sense of **financial risk analysis** and fiscal responsibility.
- Analyzed market trends and sales data to inform business growth strategies and drive decision-making.

Education

Master of Commerce | Gujarat University, India | Apr 2003 (Focus: Finance, Business Administration, Economics, Accounting, Statistics)
